**Explanatory note:**

Chad's budgetary structure is aggregated at the program level. This means that each budget line item represents a program. With this information, the 2015 analysis by Chad identifies 24 nutrition-related programs managed by nine identified MDA's in 2014 which totaled \$14.21 per-capita (all estimates in USD).

**Figure 1** highlights the nutrition spending allocations of the nine MDA's. The Ministère de l'Education Nationale allocates \$10.31 per-capita and manages 1 program. The Ministère de la Santé Publique allocates \$1.25 per-capita and implements 11 programs. The Ministère de l'Agriculture et de l'Irrigation allocates \$1.45 per-capita and oversees 4 programs. The Ministère des Infrastructures et des transports allocates \$1.16 per-capita for one program. The five MDA's grouped as other in Figure 1 collectively allocate \$0.04 per-capita and manage 8 programs.

**Figure 2** identifies that all 24 nutrition programs implemented by the nine MDA's are typified as nutrition-sensitive.

**Figure 3** outlines the nutrition related allocations by the nine relevant MDA's across four sectors: Agriculture, Health, Social Protection, Education and Wash.
